The holidays will be here before we know it and with it comes the 2022 TMJ4 Sports Auction 4 MACC! This year's TMJ4 Sports Auction 4 MACC will take place over the week of December 5th – 9th, with TMJ4 highlighting auction packages during the week's newscasts, as well as encouraging folks who'd like to support the cause to go online and bid. The auction is comprised of unique sports memorabilia and experiences donated to the MACC, and in turn auctioned off to raise money for childhood cancer and blood disorders research. Thanks to the help of TMJ4, and the generosity of folks like yourself, last year's auction raised over $70,000!!!

The proceeds from the auction will help the MACC Fund continue to fund research into the effective treatment and cure of childhood cancer and related blood disorders. The work being done as a result from generous supporters like yourself, is making a measurable difference in the lives of kids' battling childhood cancer and related blood disorders. The MACC Fund supports research conducted at the Medical College of Wisconsin, Children's Wisconsin, the UW Carbone Cancer Center, and the Marshfield Clinic. Overall cure rates have risen from 20% to just over 80% during the 46-year history of the MACC Fund, however we will not rest until we hit 100%.....which is why we seek your help!

Thank you for considering supporting the 2022 TMJ4 Sports Auction 4 MACC with a sports experience or item during this special time of the year. *To be included, we ask all donations are 'in-hand' to the MACC Fund by Friday November 11th!*

Gratefully,
Michael Bielawski
