

The 2020 TMJ4 Sports Auction 4 MACC will be here before we know it, and the MACC Fund is currently in search of support. This year the Sports Auction 4 MACC will take place over the week of December 7th – 11th, with TMJ4 highlighting available packages during the week’s newscasts, as well as encouraging folks who’d like to support the cause to go online and bid! The auction is comprised of unique sports memorabilia and experiences donated to the MACC, and in turn auctioned off to raise money for childhood cancer and blood disorders research. Thanks to the help of TMJ4, and the generosity of folks like yourself, last year’s auction raised over \$60,000!!!

The proceeds from this auction will help the MACC Fund continue to support research into the effective treatment and cure of childhood cancer and blood disorders. The work being done, as a result from supporters like yourself, is cutting edge and making a measurable difference in the world of childhood cancer and blood disorders. The MACC Fund supports research conducted at the Medical College of Wisconsin, Children’s Wisconsin, the UW Carbone Cancer Center, and the Marshfield Clinic. Overall cure rates have risen from 20% to just over 80% during the 43-year history of the MACC Fund, however we will not rest until we hit 100%, which is why we need your help!

Thank you for considering supporting the 2020 TMJ4 Sports Auction 4 MACC at this special time of the year. We are proud and grateful to have you on the MACC Fund team.

Gratefully,

Michael Bielawski
