

TEAM IMPACT

ALL IN. ALL TOGETHER.

WHO WE ARE

Team IMPACT matches children facing serious illness and disability with college sports teams, creating a long-term, life-changing experience for everyone involved.

WHAT WE DO

Our unique multiyear program signs children onto teams across the country, and based on a clinical model, ensures each has the personalized game plan they need to win. Team IMPACT guides a symbiotic relationship between teams and children focused on socialization, empowerment, and resilience. A program built on strength and camaraderie, Team IMPACT ensures kids develop socially and never feel alone. **We truly believe in getting all kids in the game.**

ACCESS FOR ALL

We ensure access, equality, and inclusion in every aspect of our program. We prioritize efforts to ensure families of every background have an exceptional experience in our program, as we work to advance health equity.

CHILDREN

experience a true sense of belonging, resulting in increased empowerment, normalization, health promotion, and resilience.

FAMILIES

feel connected and supported as their child achieves individualized goals, while experiencing the joy of team camaraderie and inclusion.

STUDENT ATHLETES

gain perspective and inclusive leadership skills from their new teammate, as well as lessons in adversity and resilience.

SINCE 2011, WE HAVE REACHED

800+

colleges & universities

80K+

student-athletes

3,300+

kids & families

in all
50

states

"These athletes are showing up for my kid in a way that no one beyond our family has in years. The light I see in him is more than my heart can handle in the best of ways. For creating the team culture that's fully enveloping my child and giving him something to cheer for, thank you."

Catherine Engle, Mom of Torin, Matched with St. Olaf
