

MACC FUND
Hope for Kids

Dear Friend:

Help us celebrate 30 years!!!

We are thrilled to cordially invite you back to once again “tee off” against childhood cancer and related blood disorders on Monday, September 16th for the 30th annual BP MACC Fund Open at Evergreen Golf Club in Elkhorn, WI. In addition to the overall \$2,427,000 raised by the BP MACC Fund Open, our Spirit Pump promotion has contributed a total of \$60,000 to the MACC Fund since it began.

Thanks to events like the BP MACC Fund Open, the MACC Fund has been able to support research in Wisconsin for over 48 years! This research at Medical College of Wisconsin, Children’s Wisconsin, the University of Wisconsin Carbone Cancer Center in Madison and now at Marshfield Clinic has impacted the treatment and care of children throughout Wisconsin, the nation and the world.

The MACC Fund is a “Charity Navigator highest 4-Star rated” 501(c)(3) non-profit corporation, which has contributed over \$84 million to childhood cancer and blood disorder research. Generous friends like you have played a key role in helping to raise the overall quality of life. The survival rate for childhood cancer has gone from 20% to over 80% since the MACC Fund began in 1976. As impressive as this is, it is not good enough and with your support we will continue the fight until it is 100%. That must be the goal, as we know that kids in the 80% category still relapse and can have “late effect” issues, which requires even more research.

As members of the planning committee, we hope that you will join us in continuing to provide a very special “Gift of Hope” to children with cancer and blood disorders by playing in the 30th Annual BP MACC Fund Open on Monday, September 16th.

If you would like to participate or sponsor this wonderful event, please register online here.

Gratefully,

The 2024 BP MACC Fund Open Planning Committee
